EB07693 - Goat Anti-NANOG (C Terminus) Antibody

Size: 100µg specific antibody in 200µl

Target Protein

Principal Names: NANOG, Nanog homeobox, homeobox transcription factor Nanog,

homeobox transcription factor Nanog-delta 48

Official Symbol: NANOG

Accession Number(s): NP_079141.2

Human GenelD(s): 79923

Immunogen

Peptide with sequence C-DLFLNYSMNMQPED, from the C Terminus of the protein sequence according to NP_079141.2.

Please note the peptide is available for sale.

Purification and Storage

Purified from goat serum by ammonium sulphate precipitation followed by antigen affinity chromatography using the immunizing peptide.

Supplied at 0.5 mg/ml in Tris saline, 0.02% sodium azide, pH7.3 with 0.5% bovine serum albumin.

Aliquot and store at -20°C. Minimize freezing and thawing.

Applications Tested

Peptide ELISA: antibody detection limit dilution 1:128000.

Western blot: Approx 35kDa band observed in nuclear lysates of cell line HeLa (calculated MW of 34.6kDa according to NP_079141.1). Recommended concentration: 0.05-0.1μg/ml. An additional band of approx. 37kDa is observed and is consistent with the observations of higher molecular weight bands regularly found with antibodies from other sources.

IHC: In paraffin embedded Human Testis shows nuclear staining in spermatogonia. Recommended concentration, 1-2µg/ml.

Enzyme immunoassay: Sandwich-type ELISA with increasing amount of recombinant NANOG captured by a rabbit antibody. Recommended reporter concentration: 5-10ug/ml. This antibody was reported to work in sandwich-type ELISA both as a capturer and as a reporter in combination with EB06860.

Species Reactivity

Tested: Human

Expected from sequence similarity: Human

EB07693 (2µg/ml) staining of paraffin embedded Human Testis. Steamed antigen retrieval with citrate buffer pH 6, AP-staining.

EB07693 (0.05μg/ml) staining of HeLa (nuclear) cell lysate (35μg protein in RIPA buffer). Primary incubation was 1 hour. Detected by chemiluminescence.

EB07693 (5ug/ml) as the reporter with EB002009 as the capture rabbit antibody (5ug/ml).
